

The Most Amazing Bird

BIRD IDENTIFICATION SHEET

These are the birds found in *The Most Amazing Bird*.
Can you find them in the story?

**Tulugarjuaq
(Raven)**

Ravens have dark black coats and can survive the cold of the winter

Canada goose

Canada geese fly south for the winter in the shape of a 'V'.

**Kajuqtaat
(Horned larks)**

The horned larks are brown birds with black cheeks.

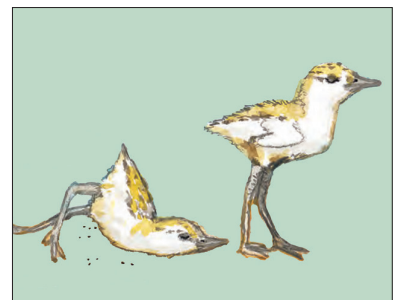

**Qupanuaq
(Snow bunting)**

A snow bunting is a little, round, and white bird with black wings.

Sandhill crane

Sandhill cranes have long, graceful wings and long, thin necks.

**Sigjariarjuit
(Sandpipers)**

As baby birds sandpipers are small and gray with long skinny legs.

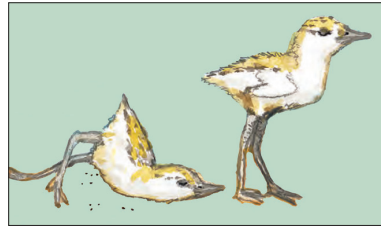

The Most Amazing Bird
