

MAKE A PURRFECT DISCO MASK!

Would you like to be king or queen of the disco? Make your own Sam Francisco mask, then test it properly by dancing to a tune!

1. Print out your mask onto a white card or a piece of paper (if paper, then stick your mask onto a card).
2. Cut out around the mask following the gray dotted lines.
3. Ask a grown-up to help you cut out the white-dotted eyeholes and the grey-dotted round holes.
4. Thread elastic or string through the gray-dotted round holes, then put on your mask!
